

## Breaking Bad News

(Course code: LD5008)

**Date:** Wednesday 16 October 2019  
**Time:** 9:00am – 4:00pm  
**Venue:** Lecture Theatre, Weston Park Hospital, Whitham Road, Sheffield S10 2ST

In a healthcare context, breaking bad news involves the giving of health-related information that negatively alters the individual's perception or expectations of their present and/or future. Breaking bad news can also be seen as a process that involves preparing the patient for bad news, providing support, explaining information and helping the patient come to terms with the implications of the news they have been given.

This study day will provide an opportunity to reflect on the role of the Healthcare Practitioner (HCP) in the process of breaking bad news. The day will explore the challenges faced by HCP's when they are involved in breaking bad news and consider how these can be addressed.

**Target audience:**

All Healthcare Professionals.

**Facilitators:**

Clare Warnock, Practice Development Sister and Specialist Nurses from the Palliative Care Team
